Address:

H.no 35 , Gandhibagh,
Nagpur

Achievements & Accomplishments

- Got 2nd rank in University Examination in computer science department.
- Runner up in state level project competition for the project !'M|RWAT
- Won inter-college project competition.
- Holds 1st rank for Python programming on the website Hackerrank.
- Tech lead for the project IPL-DB at cognitor.

Personal Profile

I am a software engineer with robust problem-solving skills and proven experience in creating and designing software in a test-driven environment.

Major Projects Handled

Data cleaning Project using Python.

- The Scholar
- In this we added all the necessary data pre-processing stuff that a data scientist need to prepare the data for use.
- https://share.streamlit.io/mohammed-muzzammil/data_pre_processing/main/st1.py

IPL - DB

- Cognitor
- In this project we had to create a database containing data on IPL.

DataPrePrep Python Package

- A Python Package for all data pre processing needs.
- pip intall datapreprep

Career Summary

Jr. Data Scientist

The Scholar

January 2021 to present

- Designed and Developed Machine Learning Models.

Summer Intern

Cognitor

(Washington DC, USA)

August 2020 to Sept

- Designed and created Databases
- Handled Databases.

Intern

The Scholar

October 2020 to January 2021

- Designed and created software project in python.

Intern

Cognitor

March 2020 to August 2020

- Designed and created Databases

Professional Skills

Coding Languages:

- Python
- SQL
- C
- C++
- HTML

Database:

- Oracle
- MySql

Operating System

- Linux
- Windows

Framework/Systems

- Streamlit
- Anaconda
- Jupyter
- Django
